

What Does Estate Plan Navigator Do?

Estate Plan Navigator is a one of a kind solution which allows us to collaborate with you, and an estate planning attorney, to create custom estate planning documents online and in real time.

Create

Execute and fund custom estate plans specific to your needs

Share

Track, access and share documents with those named in your estate plan

Store and Maintain

Your documents are stored securely on the cloud and can easily be amended as life's circumstances change

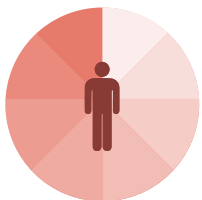

Settle

Help insure your wishes are accurately carried out when the time comes

How Are We Different?

Their proprietary platform, paired with a nationwide network of attorneys, means you get a high quality, custom estate plan that is simple, convenient and affordable.

No "boiler plate" documents

Each estate plan is customized for you to reflect your unique wishes

Attorney drafted

Your plan is assigned to a licensed attorney in your state and they are responsible for your plan

Save time and money

Most estate planning documents are ready to generate in about an hour. Your documents are shipped in 5-7 business days.

Attorney recommended

Your attorney will recommend the right documents based on your specific needs
